Owensboro, KY

Type

Salaried Full-Time

If you are interested in an exciting career and appreciate technically challenge projects, BCI Constructors is currently seeking a highly qualified individual to join our estimating team in Owensboro, KY.

Key Tasks and Responsibilities

- Analyze plan documents and other data to prepare cost, material and labor estimates
- Coordinate the design of temporary structures such as shoring, false work, cofferdams, formwork, and templates
- Review material and labor requirements to determine whether it is more cost-effective to produce or purchase components
- Establish the likely progress and completion rates, including allowances for bad weather and other unforeseen circumstances
- Work with the estimating team to produce project schedules
- Calculate a final figure for the estimated cost, supplemented by adjustments for overheads and profit, and presenting a bid price
- Assist with bid closeout and final proposal preparations
- Assume additional responsibilities as directed by division and corporate management.
- Travel as required to attend meetings, site visits, training, etc.

Skills and Abilities

- Strong communication skills, self-motivated and strong work ethic.
- Effectively communicate information and ideas in speech and writing
- Excellent interpersonal communication skills
- Strong problem solving and decision making skills
- Very high attention to detail
- Effective written and verbal communication skills
- Strong organization and time management skills
- Ability to analyze data
- Ability to maintain confidentiality

Education/Experience Requirements

- Bachelor's degree in Civil Engineering, Construction Management or related field of study
- 5-10 years minimum heavy civil estimating experience
